PROJECTS

ConnectAware — Swift 5.3, MVC, Microsoft Authentication Library, Phunware

As an employee or visitor use your phone and its location as an advantage at work. Your phone works inside participating workspaces to enable automation

and ease daily tasks such as check-ins, wayfinding within the office, social alerts, doorway pass, and hot-desking and conference booking aid. The mobile app only works near and inside participating business workspaces and does not track, record, or transmit location when out of range.

Caremiles — *Swift 5.1, MVC*

Our choice of vehicle and our driving behavior is responsible for about one-fifth of all carbon emissions. When emissions rise, the planet heats up. Get the app, and tackle your car's climate impact by planting trees together.

ENQUEUE — *Swift 5.1, MVVM, Coordinator pattern*

This app is providing a delivery service to the user to order any food from a particular store, shop, or restaurant. Where we used In-App Purchase, Social Sign-in, Location-based services

UBL Funds Smart Savings — *Swift 4.3, MVC*

The app is a user-friendly application that provides you with easy and seamless and direct access to money markets that are otherwise only available to large institutional investors. Money Market Mutual Funds are a very attractive combination of high returns, instant encashability, and low risk, not to mention tax efficiency

Club Chat — *Swift 4.1, MVC*

ClubChat is the first texting platform designed specifically for Golf & Country Clubs.

Fit For Golf 50+ — *Swift 5.5, MVVM, Coordinator pattern*

Synergistic Golf---One Day At A Time is a complete approach to improving your golf game, seamlessly integrating the physical, mental/emotional, and spiritual elements. It will challenge you to a new mindset, one that recognizes the importance of all components of the game---the body, mind, and spirit. Each new day offers an array of new information guaranteed to bring about results that count.

Khoja Leadership Forum — *Swift 4.2, MVC*

A Global Khoja community excelling in enabling its members and humanity to realize their full potential - intellectually, socially, and economically.
